I have read with great interest your detailed comments on our report, "The Coal Mining Equipment Industry of the USSR." It was most generous of you to devote so much of your time to such a complete evaluation.

I am sure that the analysts who prepared the subject report and those who will refer to it in the future will find your comments and the additional information you furnished very helpful.

Thank you for your cooperation in this matter and for your continued interest in helping this Agency to carry out its mission.

Sincerely yours,

Robert A. Gandy, Jr.
